

10 day Sea of Cortez/Socorro Combo Expedition

June 12-22, 2016

June is in bait ball season and scientific research indicates that there are more giant mantas at Socorro during bait ball season than any other time of year and it always seems like everything intensifies with more sharks including schooling Silky sharks mixing it up with schooling Hammerheads, lots of tuna, pelagic fish and even pilot whales.

Come join CIDA on this exciting trip of a lifetime!
